◆ EDUCATION

Bachelor of Social Science	**Master's of Social Science**	**Diploma**
Dhaka College	Dhaka College	**IsDB-BISEW**
2018 - 2023	2023 - 2024	**Web and Mobile App Development using Spring Boot, Android & Flutter**

◆ PROJECTS

HR & Payroll Management System

Designed and developed a full-stack enterprise web application using *Angular 20, Spring Boot, and MySQL*. The system includes *employee management, attendance tracking, salary calculation (with overtime, allowances, and leaves)and role-based access control.*

Medeicine Information

Developed an Android application that provides a searchable medicine database with detailed information (uses, side effects, and descriptions). Implemented a clean home page with a search field, detail pages for each medicine, and data displayed in ascending order. Designed with XML layouts and Java/Kotlin for functionality, ensuring an intuitive and user-friendly interface.

◆ LANGUAGE & TOOLS

SpringBoot

Angular

Flutter

MySql

Android
